

Dear Parents and Carers

The school has recently subscribed to the Times Tables Rock Stars which is a carefully sequenced programme of times tables practice.

The focus of Times Tables Rock Stars is to:

- Support children to learn their times tables and the associated division facts - Increase the speed of multiplication recall
- Improve accuracy of multiplication recall

During the autumn term, TTRS was trialled across the school internally, which has proved very popular as well as already having a significant impact on the speed at which children can recall their times tables. Children are enjoying practising in 'the garage' as well as playing against others in a 'festival' or 'arena'. Due to the success of this pilot and in order to utilise the analysis that allows from more personalised and precise times table teaching across the school, we have now officially launched TTR!

Your child has been given a log in and password to access their account. This can be accessed via

<https://play.ttrockstars.com/auth/school/student>

or via the Times Tables Rock Stars app which is free to download on both Apple and Android devices.

On our website's Maths page, you will find a parent guide from the Times Table Rock Stars team which outlines the different ways Times Tables Rock Stars can be used.

Please continue to encourage your children to use this programme alongside other strategies you may currently use.

Doing just 5 minutes a day on Times Tables Rock Stars is all that is needed! If you have any questions please do not hesitate to contact your child's class teacher or myself.

Thanks, Ben Sutton
Deputy Head / Maths Lead / Y6 Class Teacher
