

KS1 Topic Homework - Structures

Please complete one task this half term and bring it in to school no later than Friday 7th February. You may present your work in any way that you wish. We look forward to seeing some of your amazing creations. Have fun!

	Task option 1	Task option 2
Remember	Find out some information about the house you live in. How old is it? What materials is it made from? Tell us as much as you can!	Identify as many different types of houses and buildings as you can.
Understand	Look at the history of an old house/stately home. What can you find out about it?	Rooms of your house - Learn the names of different rooms in another language.
Applying	Build your own sculpture of a famous building/monument.	Read stories such as 'Hansel and Gretel' and write a story setting about the house in the story.
Analysing	The human skeleton is also a structure. Perform a sequence of balances and video yourself doing it!	Visit a well-known landmark and create your own brochure about it.
Evaluating	Research a different type of home from around the world. Why is it made of those materials? What are the advantages/disadvantages of these.	Build a bridge. How much weight can it carry before it collapses? Evaluate your work.
Creating	Create an image of your own home. You might like to sketch it, paint it or photograph it. The choice is yours!	Design your dream home then write about the key features it has and who would live there.
